Career SoftTech

Dear Student,

At Career SoftTech, we believe that the right guidance can transform not just a student's future, but also contribute to the nation's growth. In today's fast-evolving digital world, success demands more than academic knowledge — it requires adaptability, continuous learning, and the ability to solve real-world problems.

Artificial Intelligence is reshaping every industry, making it an essential skill for every aspiring professional. Yet critical thinking, creativity, and problem-solving remain the true foundation of innovation.

Our mission is to help students align with emerging technologies while building the mindset to understand complete, end-to-end projects – using automation to save time, improve efficiency, and focus on meaningful challenges.

At Career SoftTech, we emphasize practical learning through coding challenges, live projects, internships, and industry-oriented training – building confident professionals who can think logically and create impactful solutions.

Technology will keep evolving, but a strong mindset and passion for learning will always be the greatest competitive advantage. Let's prepare for the future, embrace innovation, and build careers that make a lasting impact.

Warm Regards,

Varinder Kumar

Founder, Career SoftTech

EXPERT FACULTIES

Prof. Varinder Kumar

30 year experience

"Learn from highly experienced faculty boasting over 30+ years of expertise in education, practical training, and student career development—having empowered more than 1,000,000 students worldwide."

Khushi

Honored by
Indian Book of Record

"Our faculty has been proudly recognized and honoured by the India Book of Records for outstanding achievements and excellence in education."

OUR INDUSTRY-ORIENTED
TRAINING APPROACH

PRACTICAL LEARNING | REAL-WORLD SKILLS | CAREER GROWTH

Resume Building & Interview Preparation
Every Saturday

1:1 Doubt Resolution & Project Mentoring
Every Sunday

Hands-On Exposure to Professional Tools & Technologies

Industry-Standard Workflows & Development Processes

Real-World, Live Industry Projects

AI Tools & Integration for Modern Development

Strong Problem-Solving & Debugging Skills

Deployment & Production Best Practices

Focused, Industry-Relevant Practice

Why Choose Us?

- **100,000+** Students Successfully Trained
- **30+ Years** of Combined Faculty Expertise
- **Faculty Recognized** by the India Book of Records
- **100% Practical Training** with Live Industry Projects
- **Government** & Industry-Recognized Certifications
- **Placement Assistance** for Both Private & Government Sectors

Certificate from MSME , ISO and Reg. No. 1265653

Certificates Verifiable via QR Code or Our Official Certificate Verification Portal

Industry-Oriented Course

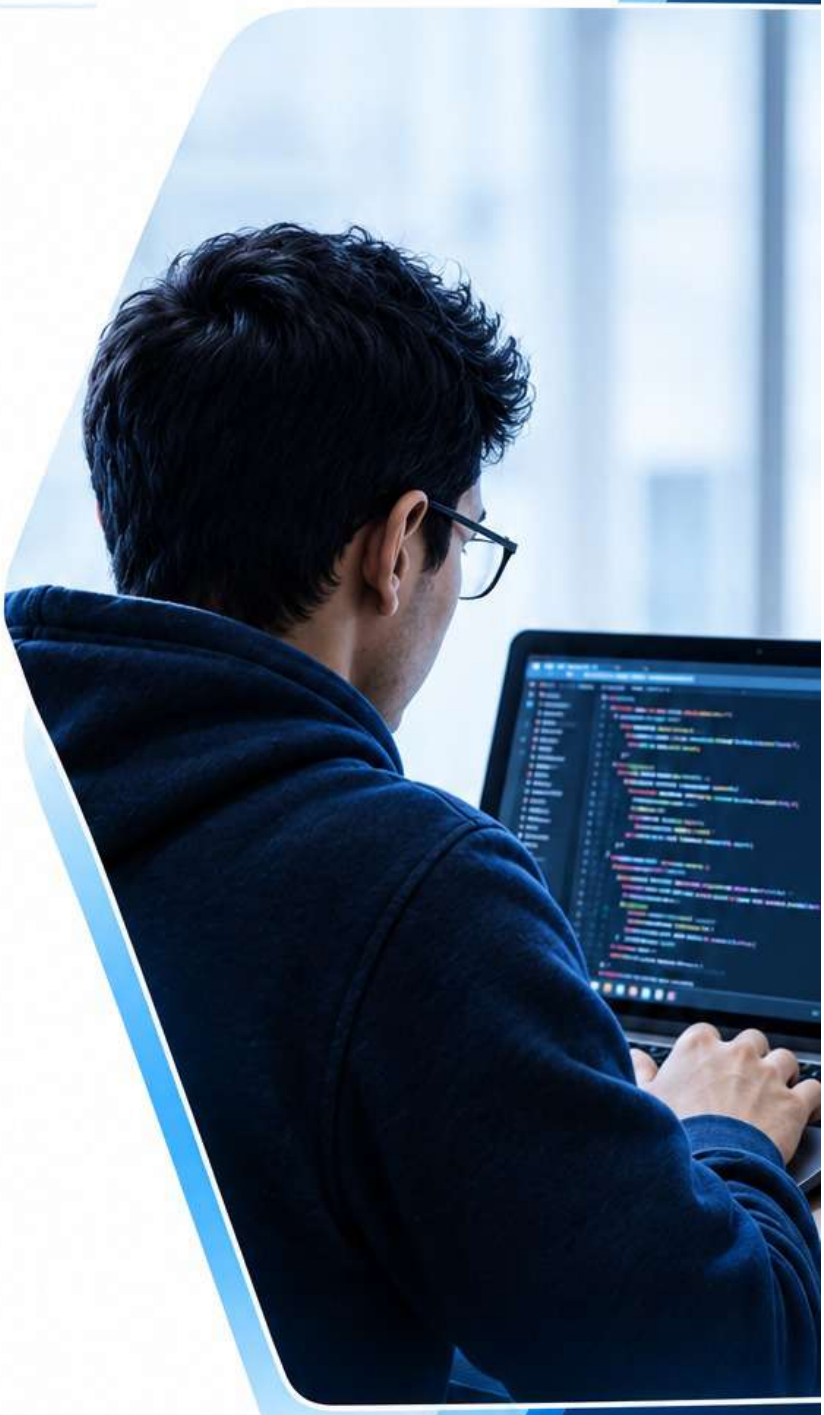
- Data Structures and Algorithms
- Full Stack Development
- Software Development
- MERN + NEXT.JS DEVELOPMENT
- Graphic Designing
- Web Designing
- Web Development
- Data Analysis

- Programming Languages
  - PYTHON
  - JAVA
  - C++
  - C
  - PHP
  - JAVASCRIPT
- AI and Automation (Workflow Automation)
- Office Automation
- MS OFFICE
- Advanced Diploma in Computer Applications (ADCA)
- Advanced Diploma in Finance and Accounting (ADFA)
- Advanced Diploma in OFFICE MANAGEMENT (ADOM)
- DIPOMA IN COMPUTER HARDWARE TECHNOLOGY

DSA

DATA STRUCTURES & ALGORITHMS

- Programming Fundamentals
- Time & Space Complexity
- Arrays
- Strings
- Searching
- Sorting
- Linked List
- Stack
- Queue
- Hashing
- Recursion
- Backtracking
- Pointers
- Sliding Window
- Prefix Sum
- Bit Manipulation
- Trees
- Binary Search Tree (BST)
- Heap
- Priority Queue
- Trie
- Graphs
- Graph Traversal
- Shortest Path Algorithms
- Minimum Spanning Tree
- Topological Sorting
- Disjoint Set Union (DSU)
- Greedy Algorithms
- Divide & Conquer
- Dynamic Programming
- Segment Tree
- Fenwick Tree
- AVL Tree
- Red-Black Tree
- B-Tree / B+ Tree
- Suffix Array
- Suffix Tree
- Sparse Table
- Number Theory
- Mathematical Algorithms
- Computational Geometry
- Advanced Graph Algorithms
- Advanced Dynamic Programming
- Competitive Programming
- Problem Solving & Optimization
- Coding Interview Preparation
- and more



LEARN | BUILD | DEPLOY | GROW

FULL STACK DEVELOPMENT

Build Complete, Modern & Industry-Ready Web Applications

Frontend Development

HTML · CSS · Tailwind CSS · JavaScript · TypeScript · React · Next.js

Backend Development

Python · Node.js · Java · PHP · Express.js · Django

Database Management

MongoDB · MySQL · Firebase

API & Web Services Integration

Connect applications with APIs, third-party services and modern web services.

Authentication & Authorization

User Authentication • Role-Based Access • Secure Authorization.

Responsive & Dynamic Web Applications

Build modern, responsive and interactive web applications for all devices.

AI Tools & Modern Development Workflows

Learn AI-assisted development tools and modern productivity workflows.

Live Industry-Based Projects

Work on practical, real-world projects to develop hands-on industry experience.

Problem Solving & Debugging

Develop logical thinking, debugging skills and practical problem-solving abilities.

Deployment, Hosting & Maintenance

Learn application deployment, hosting, updates, monitoring and maintenance.

CAREER & STUDENT SUPPORT

- **Interview Preparation** — Every Saturday
- **Resume Building & Portfolio Creation** — Every Saturday
- **1:1 Doubt Solving & Project Classes** — Every Sunday
- **Government & Industry-Recognized Certification**
- **MSME & ISO Recognized Certification**

FROM FUNDAMENTALS TO FULL-STACK DEVELOPMENT

LEARN • BUILD • DEPLOY • GET CAREER READY

MERN + NEXT.JS

Build Modern Web Applications with MERN Stack + Next.js

Learn industry-relevant technologies and build real-world projects with a complete full-stack development approach.

Technologies & Topics Covered

React.js

- React Fundamentals
- Components
- JSX
- Props
- State
- Events
- Conditional Rendering
- Lists & Keys
- Forms
- Hooks
- useState
- useEffect
- useReducer
- useRef
- Custom Hooks
- Component Lifecycle
- React Router
- Context API
- State Management
- Redux / Redux Toolkit
- React Query / TanStack Query
- Performance Optimization

Node.js

- Node.js Fundamentals
- Modules
- npm
- File System
- Events
- Streams
- Buffers
- HTTP Module
- Environment Variables
- Asynchronous Programming
- Error Handling
- Node.js Architecture

MongoDB

- Databases
- Collections
- Documents
- CRUD Operations
- Queries
- Operators
- Indexing
- Aggregation
- Schema Design
- Relationships
- Transactions
- MongoDB Atlas

NEXT.JS

- Next.js Fundamentals
- Project Setup & Architecture
- App Router
- File-Based Routing
- Pages & Layouts
- Dynamic & Nested Routing
- Navigation
- Server & Client Components
- Server-side Rendering (SSR)
- Static Site Generation (SSG)
- Dynamic Rendering
- Data Fetching
- Caching & Revalidation
- Route Handlers & APIs
- Server Actions
- Middleware
- Databases Integration
- Authentication & Authorization
- Form Handling & Validation
- File Upload & Storage
- Webhooks
- Image & Font Optimization
- Performance Optimization
- Environment Variables
- Cookies & Sessions
- Security
- Testing & Debugging

Express.js

- Express Fundamentals
- Routing
- Middleware
- Controllers
- Request & Response
- REST APIs
- CRUD APIs
- Error Handling
- Authentication
- Authorization
- File Upload
- Validation
- CORS
- API Security

REST API & Integration

- REST Architecture
- HTTP Methods
- Status Codes
- JSON
- API Design
- API Authorization
- API Testing
- Third-Party API Integration
- Postman
- Swagger / OpenAPI

Deployment, DevOps & AI Tools

- Git & GitHub
- Hosting & Deployment
- AI Tools & Integration
- Industry Workflow
- Domain, Security & Monitoring

Graphics Designing

Turn Ideas Into Visuals

Create | Design | Inspire

Learn professional graphic design skills and bring your creativity to life with industry-standard tools and real-world projects.

Tools Covered

Adobe Photoshop

- Photoshop Fundamentals & Interface
- Layers & Layer Management
- Selection Tools
- Cropping & Image Resizing
- Photo Editing & Retouching
- Color Correction & Adjustment
- Background Removal & Replacement
- Image Manipulation & Compositing
- Typography & Text Effects
- Filters & Creative Effects
- Digital Painting
- Social Media & Web Graphics
- Poster & Banner Design

Adobe Illustrator

- Illustrator Fundamentals & Interface
- Shapes & Drawing Tools
- Pen Tool
- Vector Graphics
- Paths & Anchor Points
- Color, Gradients & Patterns
- Typography
- Logo Design
- Icon Design
- Illustration
- Character & Creative Vector Design
- Brand Identity Design
- Print & Digital Design

CorelDRAW

- CorelDRAW Fundamentals & Interface
- Vector Drawing & Shapes
- Pen & Bezier Tools
- Object Transformation
- Layers & Object Management
- Color & Fill Tools
- Typography & Text Design
- Logo & Branding
- Business Card & Letterhead
- Brochure & Flyer Design
- Poster & Banner Design
- Packaging Design
- Print Layout & Prepress
- Export & Printing

Learn Adobe Photoshop, Adobe Illustrator & CorelDRAW

with practical training

Web Designing

Build Beautiful Websites

Create | Design | Inspire

Learn modern web design skills and turn your creativity into professional websites with industry-standard tools and hands-on training.

Tools Covered

HTML

- Introduction to HTML
- HTML Tags & Elements
- Attributes
- Headings & Paragraphs
- Text Formatting
- Links & Navigation
- Images
- Audio & Video
- Lists
- Tables
- Forms
- Input Types
- Form Validation
- HTML Entities
- Meta Tags
- Semantic HTML
- Block & Inline Elements
- HTML5 Features
- Global Attributes
- Data Attributes
- Iframe & Embedding
- Responsive
- Accessibility & ARIA
- SEO-Friendly HTML
- HTML Templates
- Advanced Forms
- Web Storage
- Geolocation API
- Drag & Drop API
- Canvas
- SVG
- Web Components
- Custom Elements

CSS

- Introduction to CSS
- Styles
- Selectors
- CSS Specificity
- Colors & Backgrounds
- Fonts & Typography
- Text Styling
- Borders
- Margins & Padding
- CSS Box Model
- Relative Units , Position
- Display Properties
- Positioning
- Z-Index & Stacking
- Overflow
- Units & Measurements
- Pseudo-Classes
- Pseudo-Elements
- Opacity & Visibility
- Gradients
- Shadows
- CSS Variables
- CSS Functions
- Flexbox, Grid
- Media Queries
- Responsive Web Design
- Media Queries
- Mobile-First Design
- Container Queries
- CSS Transitions
- CSS Transforms
- CSS Animations
- Keyframes
- 2D & 3D Transformations
- Advanced Grid Layouts
- Advanced Flexbox
- CSS Shapes
- CSS Filters
- Blend Modes
- Clip-Path
- Masking
- Scroll Effects
- Sticky & Dynamic Layouts
- Dark Mode
- CSS Architecture
- CSS Preprocessors
- SASS / SCSS
- CSS Frameworks
- Bootstrap
- Tailwind CSS
- CSS Optimization
- Cross-Browser Compatibility
- Accessibility in CSS
- Modern CSS Features
- Advanced CSS Techniques
- CSS Best Practices
- Professional Website Layouts
- Landing Page Design
- Portfolio Website Design
- E-Commerce UI Design

JS

- JavaScript Fundamentals
- Variables & Data Types
- Operators, Input & Output
- Conditional Statements
- Loops & Iteration
- Functions
- Object-Oriented Programming (OOPs)
- Strings
- Arrays
- Objects
- DOM Manipulation
- Scope
- Closures
- Modules
- JSON
- JavaScript APIs
- Events & Event Handling
- Forms & Form Validation
- Prototypes
- Fetch API
- AJAX
- Web Storage
- Cookies
- ES6+ Features
- Destructuring
- Spread & Rest Operators
- Asynchronous JavaScript
- Promises
- Callbacks
- Async/Await

Data ANALYSIS

TURNING DATA INTO INSIGHTS

- Data Analysis Fundamentals
- Excel for Data Analysis
- Advanced Excel
- Data Cleaning & Preprocessing
- Data Transformation
- SQL & Database Management
- Advanced Python for Data Analysis
- NumPy & Pandas
- Data Visualization
- Power BI
- Tableau
- Statistics for Data Analysis
- Exploratory Data Analysis (EDA)
- Data Modeling
- Dashboard Development
- Business Intelligence (BI)
- Data Reporting
- Data Interpretation
- KPI & Performance Analysis
- Real-World Data Analysis Projects

PYTHON PROGRAM

BUILD LOGIC | WRITE CODE | SOLVE REAL PROBLEMS

- Python Basics & Installation
- Database Programming
- Control Flow, Formatting Type
- Regular Expressions, Collections
- Data Types, Loop, Function
- Concurrency & Performance
- OOPs , File & data Handling
- List, Tuple, Dictionaries, Sets
- Exception & Error Handling
- Iterators & Generators
- Modules & Packages
- Decorators & Closures
- Virtual Env. & Package Mangt.
- Memory Mangt & Garbage Collection

JAVA

BUILD | CODE | CREATE

One Language. Endless Possibilities.

Java™

- Fundamentals
- Operator, Control Flow
- Data Type, OOPs
- Packages & Access Control
- Exception Handling
- Collections Framework
- Recursion, Generics
- File Handling & I/O
- Multithreading
- Java 8+ Features
- JVM, Getter / Setter
- Decorators & Closures
- Advanced Java Language Features
- Memory Mangt & Garbage Collection

C PROGRAMMING

BUILD LOGIC | WRITE CODE | CREATE SOLUTIONS

COURSE HIGHLIGHTS

- Fundamentals
- Variables & Data Types
- Operators , Input & Output
- Conditional Statements
- Loops & Iteration
- Functions , OOPs
- Strings , Arrays , Objects
- DOM Manipulation
- Scope , Closures , Modules
- JSON , JS API
- Events & Event Handling
- Forms & Form Validation
- Prototype
- Fetch API & AJAX , Storage & Cookies
- ES6+ Features
- Destructuring & Spread/Rest
- Asynchronous JavaScript
- Promises, CB, Async/Await

LEARN | CODE | BUILD

C++ PROGRAMMING

BUILD STRONG LOGIC | WRITE EFFICIENT CODE
CREATE REAL SOLUTIONS

- Fundamentals
- Variables & Data Types
- Constants & Literals
- Operators
- Input & Output
- Conditional Statements
- Loops & Iteration
- Functions
- Arrays
- Strings
- Pointers
- References
- Structures & Unions
- Enumerations
- Dynamic Memory Allocation
- Object-Oriented Programming (OOP)
- Classes & Objects
- Constructors & Destructors
- Copy Constructor & Assignment Operator
- Inheritance
- Polymorphism
- Encapsulation
- Abstraction
- Vectors
- STL (Standard Template Library)
- File Handling & I/O
- Exception Handling
- Templates & Generic Programming
- Namespaces
- Modern C++ (C++11/14/17/20/23)
- Multithreading & Concurrency
- Memory Management

PHP PROGRAMMING

BUILD DYNAMIC WEB APPLICATIONS

- PHP Fundamentals
- Variables & Data Types
- Constants , Operators
- Conditional Statements
- Loops
- Functions
- Strings
- Arrays
- Forms & User Input
- Methods
- Superglobals
- File Handling
- Object-Oriented Programming (OOP)
- Exception & Error Handling
- Sessions & Cookies
- MySQL Database
- CRUD Operations
- Authentication & Authorization
- Event management
- CMS
- PHP Security
- JSON
- AJAX
- REST API Development
- PHP Integration
- MVC Architecture
- Composer & Package Management
- Modern PHP Features
- PHP Frameworks
- Laravel
- Testing & Debugging
- PHP Project Development

JAVASCRIPT

Build Interactive Web Experiences

</> Course Highlights

- Fundamentals
- Variables & Data Types
- Operators , Input & Output
- Conditional Statements
- Loops & Iteration

CAREERSOFTTECH

AI & AUTOMATION
(WORKFLOW AUTOMATION)

Smarter Workflows.
Greater Possibilities.

AI & AUTOMATION
(WORKFLOW AUTOMATION)

- AI Fundamentals
- Workflow Automation
- Core n8n Nodes
- APIs & Integrations
- Business Automation
- AI Integration with n8n
- AI Automation
- Databases & Data Management
- RAG & AI Knowledge Systems
- Communication Automation
- Website & E-commerce Automation
- Social Media Automation
- Advanced Automation
- Security & Deployment
- Professional Workflow Development
- Real-World AI Automation Projects

Microsoft

Microsoft Office

WORK SMARTER. ACHIEVE MORE.

Word
Create impressive documents.

Excel
Analyze data and create spreadsheets.

PowerPoint
Design impactful presentations.

Outlook
Manage emails and stay organized.

OneNote
Capture notes and organize ideas.

Applications Included

- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Microsoft Outlook
- Microsoft Access
- Microsoft OneNote
- Microsoft OneDrive
- Microsoft Teams
- Microsoft SharePoint
- Microsoft Publisher
- Microsoft Visio
- Microsoft Project

Advanced Diploma in Computer Applications (ADCA)

LEARN | PRACTICE | BUILD YOUR FUTURE

- Computer Fundamentals
- Programming Skills
- Internet & Web
- Database Management
- Office Applications

Core Fundamentals & Programming

- Computer Fundamentals
- Operating System
- Microsoft Office
- Internet & Digital Skills
- Computer Networking
- Programming Fundamentals
- C / C++ Programming
- Python Programming
- Web Development (HTML , CSS , JS)

Advanced Concepts & Professional Skills

- Database Management System (DBMS)
- PHP & Server-Side Programming
- Software Development Concepts
- Graphic & Digital Design
- Computerized Accounting
- Cyber Security
- Data Analysis
- Artificial Intelligence & Modern Tools
- Practical & Professional Skills

ADVANCED DIPLOMA IN

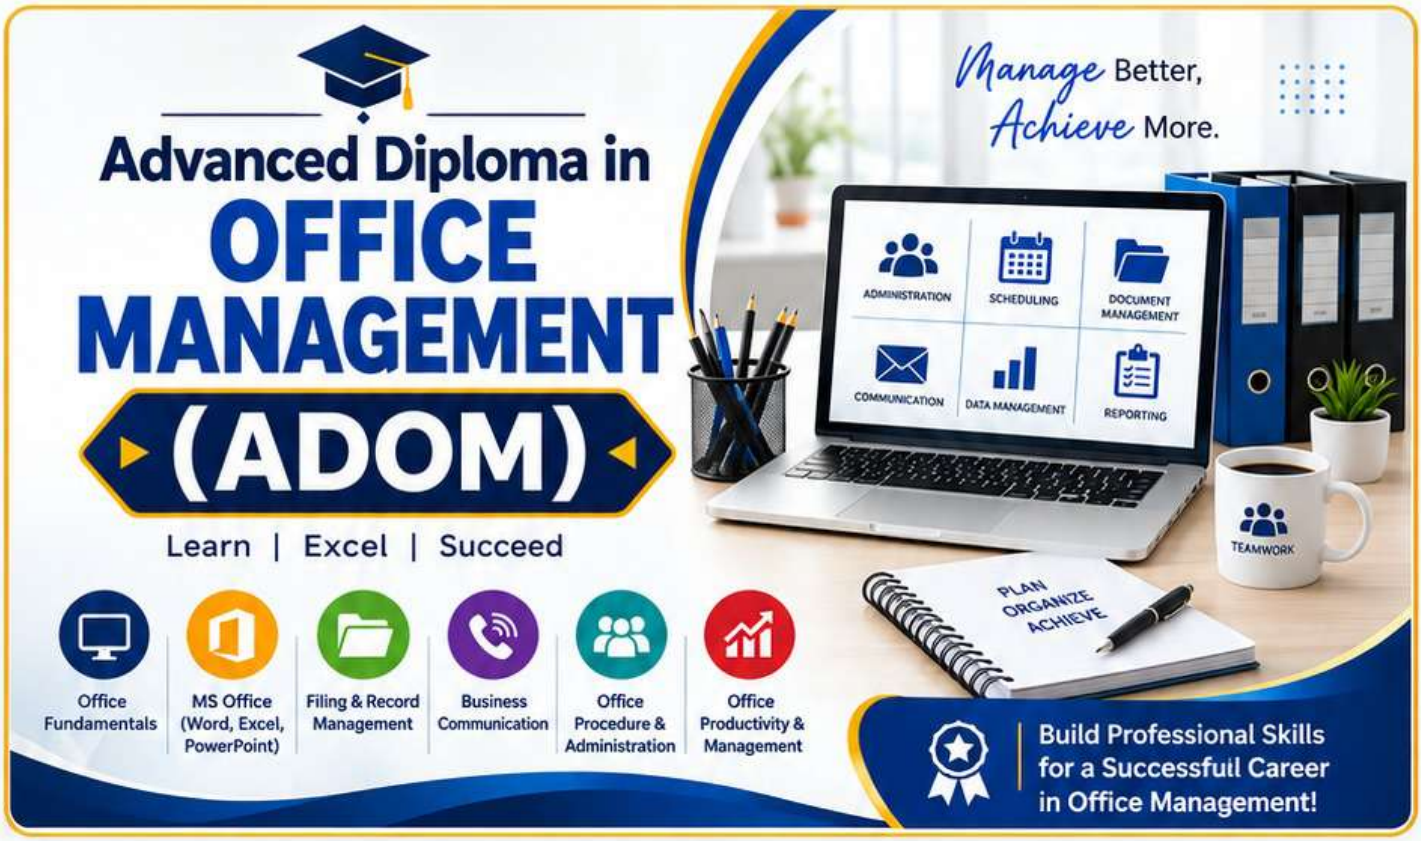
FINANCE & ACCOUNTING

(ADFA)

BUILD SKILLS | GAIN EXPERTISE | GROW YOUR CAREER

- Computer Fundamentals
- Windows & Operating System
- MS Word
- MS Excel for Accounting
- Advanced Excel
- MS PowerPoint
- Internet & Email
- Tally Prime
- Computerized Accounting
- GST Accounting
- Income Tax & TDS
- Payroll Management
- Inventory Management
- Accounting Software
- Financial Data Management
- Digital Banking & Online Financial Services
- MIS & Financial Reporting
- Data Analysis & Visualization
- Cyber Security for Financial Data
- AI Tools for Accounting & Finance
- Digital Documentation & Record Management
- Practical Accounting Projects

Advanced Diploma in OFFICE MANAGEMENT (ADOM)



Computer Fundamentals

- Computer Fundamentals
- Windows & Operating System
- MS Word & Document Processing
- MS Excel & Spreadsheet Management
- MS PowerPoint & Presentation
- MS Access & Database Management
- Internet, Email & Online Communication
- Google Workspace & Cloud Applications
- Office Administration
- Office Management & Organization
- File & Record Management
- Data Entry & Typing
- Digital Documentation
- Office Correspondence
- Business Communication
- Professional Email Management
- Calendar & Meeting Management
- Travel & Event Management
- Human Resource & Staff Management
- Payroll & Attendance Management
- Inventory & Office Asset Management
- Basic Accounting & Billing
- Tally & Computerized Office Accounts
- MIS & Office Reporting
- Customer Relationship Management (CRM)
- Office Automation
- Digital Marketing & Social Media Basics
- Cyber Security & Data Privacy
- AI Tools for Office Productivity
- Professional Skills & Workplace Etiquette
- Business Letter & Report Writing
- Practical Office Management Projects

DIPLOMA IN COMPUTER HARDWARE TECHNOLOGY

BUILD | CONNECT | MAINTAIN | INNOVATE

- HANDS-ON PRACTICAL TRAINING
- INDUSTRY RELEVANT CURRICULUM
- EXPERT FACULTY
- CERTIFICATION & PLACEMENT SUPPORT
- MODERN LAB FACILITIES
- BUILD A STRONG CAREER

COURSE MODULES

- Computer Fundamentals
- Computer Hardware & Components
- Motherboard & Chipset
- CPU / Processor
- RAM & Memory
- Hard Disk & SSD
- SMPS & Power Supply
- Graphics Card (GPU)
- Input & Output Devices
- BIOS / UEFI
- Computer Assembly & Disassembly
- Operating System Installation
- Windows Installation & Configuration
- Linux Installation & Basics
- Device Drivers & System Configuration
- Computer Troubleshooting & Repair
- Hardware Fault Diagnosis
- Laptop Hardware & Repair
- Printer Installation & Troubleshooting
- Networking Fundamentals
- LAN, WAN & Network Topologies
- Routers, Switches & Network Devices
- IP Addressing & TCP/IP
- Wi-Fi & Wireless Networking
- Network Installation & Troubleshooting
- Cabling & Connector Management
- Preventive Maintenance
- Data Backup & Recovery
- Cyber Security & Hardware Security
- Antivirus & System Protection
- Basic Electronics
- Digital Electronics
- Multimeter & Testing Instruments
- Soldering & Desoldering
- SMPS & Power Supply Repair
- CMOS & BIOS Troubleshooting

KNOW MORE ABOUT YOUR FACULTY...

Beyond the Classroom, We Work for Your Success

I am here to work with our students—not only on regular working days, but also on weekends—to help them achieve their goals. We focus on 1-to-1 doubt-clearing sessions, building live projects together, practical problem-solving, career guidance, and interview preparation sessions. Because education is not just about completing a course—it is about building confidence, developing real skills, and becoming ready for the future.

> “Have the passion and craziness to follow your dreams and the dedication to work hard for them; not everyone is blessed with such an opportunity, so feel grateful, make the most of it, and use this time to build the future you dream of”

दैनिक भास्कर अम्बाला भास्कर 07-08-2026

छात्रा खुशी का इंडियन बुक ऑफ रिकॉर्ड्स में नाम

अम्बाला | कल्पना चावला राजकीय महिला पॉलिटेक्निक शहर की छात्रा खुशी ने उत्कृष्ट शैक्षणिक उपलब्धियों के आधार पर इंडियन बुक ऑफ रिकॉर्ड्स में स्थान हासिल किया है। खुशी ने कहा कि कक्षाओं के बीच मिलने वाले समय का अधिकतम उपयोग उन्होंने पुस्तकालय में अध्ययन करके किया। उनके अनुसार वे नियमित रूप से सुबह 9 बजे से रात 10 बजे तक शहर के पुस्तकालय में पढ़ाई करती थीं और कई बार पढ़ाई में डूब जाने पर भोजन तक छूट जाता था। एनसीसी कैंप में सुबह 5 बजे रिपोर्टिंग से पहले भी वे पढ़ती थीं और कैंप के बाद देर रात तक परीक्षा की तैयारी जारी रखती थीं।
